Sobhan Bera

Software Developer

Madhya Pradesh, India │ sobhanbera.vercel.app │ github.com/sobhanbera │
sobhanbera259@gmail.com │ +917400631560

I am very enthusiastic about open-source development. I am very passionate to
learn new things quickly. I am an experienced web developer and an android
developer. I love contributing to open-source. Besides this, I enjoy solving Rubix
cube and cycling.

`mysql` `react-native` `nextjs` `rest api` `nextjs` `axios` `database design`
`cloudinary` `authentication using mysql and sqlite`

SELF-EMPLOYED

Android Developer │ Aug 2019 - Apr 2020
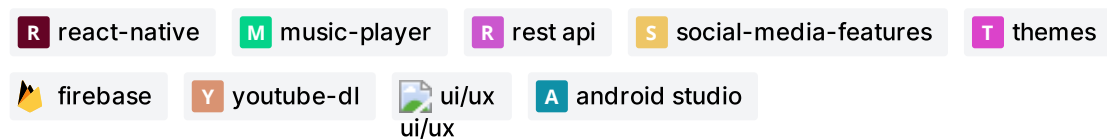

`Android`

PROJECTS

SOCBYTE-NATIVE

Owner & Only one developer │ Feb 2021 - Present

play.google.com/store/apps/details?id=com.socbyte │
github.com/socbyte/socbyte-native

Socbyte is a FREE social media app along with a great looking music player.
Socbyte uses your phone's Internet connection to let you chat with the user and
play music.

Currently it contains a simple issue/bug due to which it get stuck at the front tab
when the app is launched but don't worry luckily I have provided a skip button at
bottom-left of the screen to skip that tab. This issue is resolved but I am waiting
for next release of the app for play-store.

R react-native   **M** music-player   **R** rest api   **S** social-media-features   **T** themes

🔥 firebase   **Y** youtube-dl   ui/ux   **A** android studio

EDUCATION

G.H. RAISONI COLLEGE OF ENGINEERING(GHRCE), NAGPUR
